

FAMILY HANDBOOK

Welcome

Our Family Handbook provides important information you need to know to ensure the best possible start to quality education and care at Learning Blocks Childcare Centre.

We have an open-door policy and you and your family are welcome to visit our Service at any time.

Service Philosophy

Educational Program and Practice - Our curriculum aims to develop children's foundation of love for learning, where they can continually be curious, capable, and competent learners. We value life skills, humanity, and social justice to enable children to become people of integrity and have a voice in the world. We take on a holistic approach, where learning is a continual journey and a social process, thus our decisions involve a collaboration of children, families, educators, and communities.

Children's Health and Safety - Children are guided and empowered how to look after their own health, safety, wellbeing, and happiness, and are effectively working towards making valuable decisions for themselves.

Environment - We strive for a safe, clean, and stimulating environment that fosters curiosity and challenge. We seek and encourage opportunities to connect with the land, in which we come from and continue to carry on teachings of the First Nations people. We respect the environment, and the environment respects us. Our place is a second home for children, families and educators that is welcoming and loving for all.

Relationships with Children - Educators stand as advocates of children, where the rights and best interests of each child are promoted. Children are heard, respected and protected as individual beings with value and dignity. We cherish a culture of being respectful and responsive on a reciprocal level and we continually practice how to respect one another in meaningful ways. We connect with the children through trusting and genuine relationships.

Educators - Educators are passionate and committed towards being supporters of children's learning and growth. We value each other and work as a team through collaboration and critical reflection. Educators believe in the art of being playful and embed this into our professional roles. We demonstrate ourselves as role models and continuous learners, who embrace a growth mindset.

Families & Communities - We respect our individual families; their beliefs, cultures and values, and work in partnership to cultivate learning and a sense of belonging. We recognise that we are responsible for our own community, thus we seek to understand each other's needs and goals, have compassion to support one another, and celebrate together for our achievements.

"Once a Learning Blocks family will always be a Learning Blocks family."

Our Commitment to Child Safety

Our Service is committed to implementing and abiding by our Child Safe Policy based on Child Safe Standards in New South Wales (2020), which accentuates our zero tolerance for child abuse and raising awareness about the importance of child safety in our service and the community. We are dedicated to protecting children from abuse and neglect and promote a child safe environment, maintaining children's wellbeing. We adhere to our comprehensive Child Safe Policy, standing by our mandatory reporting responsibilities to protect children from physical, sexual, emotional, and psychological abuse and neglect.

We work to ensure there is clear awareness between appropriate and inappropriate behaviour concerning adults and children. We require clear precincts between children and employees, volunteers, and the community to maintain children's safety. We are dedicated to promoting cultural safety for Aboriginal children, cultural safety for children from culturally and/or linguistically diverse backgrounds, and to providing a safe environment for children with a disability. We value diversity and do not tolerate any discriminatory practices. We are committed to ongoing professional development for employees to maintain their ability to distinguish and respond to situations of abuse and neglect, ensuring employees are responsive to their responsibilities in keeping children safe.

We work in collaboration with the United Nations Convention on the Rights of the children and have confidence in educating children about their right to be safe. We believe in teaching children what to do if they feel unsafe and encouraging them to express their view and thoughts on matters that directly affect them. As educators we listen to and empower children to act on any concerns, they or others may raise which is reflective in our policies, procedures, and practices in keeping children safe.

Code of Conduct

The Code of Conduct establishes the standards for all employees of our Service. Employees are committed to adhere to the ethical responsibilities of early childhood professionals outlined in the Early Childhood Australia's Code of Ethics. The values that underpin our work ethic include equality, respect, integrity, and responsibility.

Our educators and staff

Our Service is made up of a team of high-quality professional educators who are committed to and passionate about early childhood education and care. Our staff promote the human rights, safety and wellbeing of all children and consider and respect the diverse backgrounds and needs of children.

We create an environment that promotes and enables children's participation and is welcoming, culturally safe and inclusive for all children and their families.

Our educators are continually evaluating how our curriculum meets the educational and wellbeing needs of our children and reflecting on ways to improve children's learning and development and are supported by a team of highly qualified professionals. Our educational leader and early childhood teachers guide our educators in providing quality research based educational programs.

Our educators consider children's learning styles, abilities, interests, linguistic and cultural diversity and family circumstances when planning and implementing learning programs. We support and respect the history and backgrounds of Aboriginal and Torres Strait Islander people and aim to foster each child's sense of identity.

All staff are encouraged and supported to attend professional training and development to further their knowledge and skills.

All staff hold valid Working with Children Checks and all Responsible Persons (placed in charge of the day-to-day running of the service) have current ACECQA approved First Aid, Emergency Asthma and Anaphylaxis qualifications.

National Quality Framework

Our Service complies with the Australian Government’s National Quality Framework (NQF) which consists of the legislative framework of the Education and Care Services National Law and National Regulations, the National Quality Standard and a rigorous assessment and rating system. Our educational program and curriculum are based on the Australian Early Years Learning Framework (EYLF). We regularly self-assess our practices against the National Quality Standard and strive for continuous improvement through our Quality Improvement Plan (QIP). The QIP assists our service to identify quality aspects of care we are already providing and assists in developing future goals for further improvement. Families are welcome to provide feedback and suggestions for improvement.

Additional information about the NQF can be found at [ACECQA/nqf/about](https://www.acecqa.gov.au/nqf/about)

Regulatory Authority

Our Service is regulated by the national body for early education and care – the Australian Children’s Education and Care Quality Authority (ACECQA) as well as the state licensing department in our State/Territory. To contact our Regulatory Authority, please refer to the contact details below:

Early Years Learning Framework (EYLF)

The Early Years Learning Framework (EYLF) guides early childhood educators, early childhood teachers and approved providers to inform educational programs and practices that emphasise play-

based learning and extend and enrich children’s learning and wellbeing from birth to 5 years and through the transition to school.

The EYLF was reviewed and updated and released in early 2023 to ensure the framework reflects contemporary developments in practice and knowledge while supporting educators to promote the learning, development and wellbeing of each child.

The vision of the EYLF is:

All children engage in learning that promotes confident and creative individuals and successful lifelong learners. All children are active and informed members of their communities with knowledge of Aboriginal and Torres Strait Islander perspectives. (EYLF, V2.0, p.6)

Fundamental to the EYLF is a view of children’s lives as characterised by *belonging, being and becoming*. From before birth children are connected to family, community, culture, and place. Their earliest development and learning take place through these relationships, particularly within families, who are children’s first and most influential educators. As children participate in everyday life, they develop interests and construct their own identities and understandings of the world.

The EYLF is made up of learning outcomes, principles, and practices which educators use in their documentation of children’s learning and in their reflection and planning.

BELONGING

Experiencing *belonging* – knowing where and with whom you belong – is integral to human existence. Children belong to diverse families, neighbourhoods, local and global communities. Belonging acknowledges children’s independence with others and the basis of relationships in defining identities. In early childhood, and throughout life, trusting relationships and affirming experiences are crucial to a sense of belonging. Belonging is central to being and becoming in that it shapes who children are and who they can become.

BEING

Childhood is a time to be, to seek and make meaning of the world. Being recognises the significance of the present, as well as the past in children’s lives. It is about children knowing themselves, developing their identity and building and maintaining relationships with others, engaging with life’s joys and complexities, and meeting challenges in everyday life. The early childhood years are not solely preparation for the future but also about children being in the here and now.

BECOMING

Children's identities, knowledge, understandings, dispositions, capacities, skills and relationships change during childhood. They are shaped by many different events and circumstances. *Becoming* reflects this process of rapid and significant change that occurs in the early years as young children learn and grow. It emphasises the collaboration of educators, families and children to support and enhance children's connections and capabilities, and for children to actively participate as citizens.

The diversity of family and community life in Australia means that children experience belonging, being and becoming in many ways. They bring their diverse experiences, home languages, perspectives expectations and cultural ways of knowing, being and doing to their learning. Educators understand, respect and work with each child's unique qualities and capabilities. Children's learning, development and wellbeing are communicated through 5 Learning Outcomes.

Outcome 1: Children have a strong sense of identity

- Children feel safe, secure, and supported
- Children develop their emerging autonomy, inter-dependence, resilience and agency
- Children develop knowledgeable and confident self-identities and a positive sense of self-worth
- Children learn to interact in relation to others with care, empathy and respect

Outcome 2: Children are connected with and contribute to their world

- Children develop a sense of connectedness to groups and communities and an understanding of their reciprocal rights and responsibilities as active and informed citizens
- Children respond to diversity with respect
- Children become aware of fairness
- Children become socially responsible and show respect for the environment

Outcome 3: Children have a strong sense of wellbeing

- Children become strong in their social, emotional and mental wellbeing
- Children become strong in their physical learning and wellbeing
- Children are aware of and develop strategies to support their own mental and physical health and personal safety

Outcome 4: Children are confident and involved learners

- Children develop a growth mindset and learning dispositions such as curiosity, cooperation, confidence, creativity, commitment, enthusiasm, persistence, imagination and reflexivity

- Children develop a range of learning and thinking skills and processes such as problem solving, inquiry, experimentation, hypothesising, researching and investigating
- Children transfer and adapt what they have learned from one context to another
- Children resource their own learning through connecting with people, place, technologies and natural and processed materials

Outcome 5: Children are effective communicators

- Children interact verbally and non-verbally with others for a range of purposes
- Children engage with a range of texts and gain meaning from these texts
- Children express ideas and make meaning using a range of media
- Children begin to understand how symbols and pattern systems work
- Children use digital technologies and media to access information, investigate ideas and represent their thinking

Educational Program

We are committed to providing a developmental and educational program which caters for each child's individual needs, abilities, and interests. Our educational program is delivered through an intentional, play-based pedagogy aligned to the Early Years Learning Framework (EYLF) V2.0. Our program continues to develop as we use the relationships children have with their families and communities, working in partnership with parents, to ensure each child's knowledge, ideas, culture, abilities, and interests are the foundation of our programs.

We encourage children to be responsible for their own learning through choices in experiences, interests, and routine. We use conversations, actions and play as the basis for teaching which involves the children being partners in teaching by seeking out ideas, opinions, thoughts and questions. We encourage children in promoting their independence and self-help skills by assisting within the routine and involving the children in interest-based projects to further enhance their learning and knowledge. We value children and family input and encourage family involvement to gather a comprehensive and holistic view of the child.

We know that children learn effectively through play and educators who are diligent in their responsiveness to each child support this. Applying strong intentional teaching practices provide the children with an authentic and meaningful learning environment that challenges, supports and nurtures a child's development.

If we as educators have any areas of concern about your child's development, we will inform you and share our observations and advise of follow up assistance e.g., speech therapy. We understand this may be a sensitive topic and it is always your decision to follow up intervention. Educators are willing to discuss any aspect of learning and development with parents and support discussions with allied health professionals.

Goals for your child at our Service

“We discovered that education is not something which the teacher does, but that it is a natural process which develops spontaneously in the human being.”

Maria Montessori

Educators’ practices and the relationships they form with children and families have a significant effect on children’s involvement and success in learning. Children thrive when families and educators work together in partnership to support young children’s learning. Children’s early learning influences their life chances.

Wellbeing and a strong sense of connection, optimism, resilience and engagement enable children to develop a growth mindset, and a positive attitude to learning. (Early Years Learning Framework V.2.0. p.9).

We will create a range of short and long-term goals for your child that we will program to and observe on which will be based on the outcomes in the Early Years Learning Framework and include:

- mutual respect and empathy
- concern and responsibility for self and others
- a sense of self worth
- social awareness
- respect for diversity
- importance of sustainability
- self-discipline and self-regulation
- habits of initiative and persistence
- creative intelligence and imagination
- self-confidence as an independent learner
- a love of learning.

We strongly encourage communication between families and educators to ensure continuity in what we are delivering to your child and acknowledge that the role of the educator is to work in partnership with families, children’s first, and most influential educators.

Documentation of Learning/ Portfolios

Educators observe children and facilitate their learning to provide each child with a personal, confidential digital portfolio by documenting their learning throughout the year. Our Service uses a variety of documentation to demonstrate learning which may include:

- your child’s profile
- goals from families and educators
- observations- learning stories, captioned photos
- objectives for further development

- work samples- drawings, photos, recorded video
- checklists and transition statements.

The individual child's portfolio is maintained and used as a direct tool for evaluation and future planning within the Service's program. This makes the program reflect the value of individuality and is not used as a means of comparison between peers or stereotypes.

Communication

We work in partnership with you and your family. We support and encourage communication with your child's educators about your child's unique needs and their general enjoyment of their day at our Service. Everybody has a preferred time and method of communication. Sometimes, mornings and afternoons can be a little rushed, and not the best time to discuss your child's progress. You are encouraged to talk to our Nominated Supervisor to arrange to meet your child's educator at a mutually convenient time.

Our Service uses OWNA to provide real time updates about your child.

Enrolment Information

Prior to your child commencing at our Service, you'll be required to complete an enrolment form, provide documentation, and pay the bond and administration fee.

Enrolment Form

If you require assistance completing the enrolment form, please contact our Nominated Supervisor or reception staff for assistance.

We will require the following documentation:

- a copy of your child's birth certificate or identity documents
- your child's Medicare number (if available)
- certified copies of any court order, parenting orders or parenting plans
- an immunisation history statement from the Australian Immunisation Register

This must show that your child is up to date with vaccinations for their age OR your child is on a recognised vaccine catch up schedule OR has a medical condition preventing them from being fully vaccinated.

Please note, the names written on the enrolment form must match the names on your child's birth certificate or identity documents.

Family law and access

Our Service will uphold any responsibilities or obligations in relation to Family Law and access to the service. We require certified copies of any court order, parenting orders or parenting plans, relating to your child as part of the required enrolment documentation and request that if situations change, a copy of the Court Order is provided to our Service. We will only allow children to leave the Service with the written permission of the custodial parent/guardian. Without a Court Order we cannot stop a parent collecting a child.

Inclusion of all children

If your child has a disability, please speak to our Nominated Supervisor prior to enrolment.

We provide a supportive and inclusive environment that allows each child to fully participate in quality education and care.

We aim to develop and sustain supportive relationships with families and encourage discussions about how we can support your child to have equitable access to resources and participation. If your child has a National Disability Insurance Scheme (NDIS) package, we may need your consent to contact services and/or therapists who are working with your child to seek information regarding their learning plan to support continuity of learning.

Our Service may be able to apply for additional support through the Inclusion Support Program (ISP) to assist your child's access.

Authorised Nominees

You will be requested to provide information about authorised nominees on your child's enrolment form. These are persons that you provide permission to:

- collect your child from the Service.
- provide consent for medical treatment for your child from a medical practitioner, hospital, or ambulance service.
- provide consent for the transportation of your child by an ambulance service.
- provide consent to go on an excursion.

Please understand that it is essential we have up-to-date information on your child's enrolment record in case of an emergency. It is important that you notify the Nominated Supervisor (or Responsible Person) of any changes to enrolment information including:

- your residential address

- health of your child
- telephone/mobile numbers
- contact details for any parent or authorised nominee.
- family changes (parenting orders)
- emergency contact information details etc.

Authorisations

The enrolment form will include additional authorisations for our Service to seek medical treatment and emergency transportation for your child if required. Authorisations will also be requested for application of sun cream, permission to administer emergency medication to your child in the case of an asthma or anaphylaxis emergency (Ventolin or EpiPen®), permission for an educator with current first aid to administer paracetamol in an emergency and permission to access medical treatment and transport in case of an emergency. Parents must also provide the name, address and contact details of any person authorised to authorise our service to transport your child or arrange transportation for your child. This may be for authorisation for your child to go on an excursion and/or for your child to be transported by our service.

Excursions/ Bush Kindy / Regular Outings

Excursions are an important and valuable part of learning in early education. They expose a child to a range of different experiences and help them to observe and understand the world around them. For any excursion or regular outing in our community, we will complete comprehensive risk assessments to minimise any identified risks as part of our planning for excursions. We provide parents with information about the excursion in advance and require written authorisation for each child to participate on an excursion or regular outing. Authorisation for regular transportation and regular outings will be gained once every 12 months or whenever any of the circumstances of the transport may change.

Photographs, social media, promotion

As part of the enrolment process, we will also ask for your permission to take photographs and video of your child during normal activities and excursions for sharing with our parent community through social media and/or to promote our Service to the community through marketing and promotional materials. Photographs and video may also be used as part of our observation and programming process.

Medical conditions- Allergies, Asthma, Diabetes or Epilepsy

It is vital that we are aware of any medical condition including diabetes, epilepsy, allergies, eczema, asthma, risks of anaphylaxis of your child including any potential triggers. Families are required to indicate any allergy or asthma on the enrolment form.

Our Service requires a Medical Management Plan or ASCIA Asthma/Anaphylaxis Action Plan to be completed by your General Practitioner to assist in managing your child's needs. This needs to be provided prior to your child's commencement at the Service. In consultation with the Nominated Supervisor, you will be asked to develop a Risk Minimisation Plan and Communication Plan to assist our educators and staff. Any prescribed medication that your child may require must be provided each day they attend our Service.

To ensure the safety and wellbeing of your child, please update your child's Medical Management Plan/ Action Plan every 12 months or whenever a change in their medication or treatment occurs. (Australasian Society of Clinical Immunology and Allergy) (ASCIA).

Fees, rebates and attendance

Fees

As of December 2023

Our daily fee is: \$157 per day 0-2 Group and \$147 per day 3-5 group before childcare Subsidy (CCS) has been applied.

Fees must always be paid weekly.

The latest fee schedule is always reflected on your OWNA / Xplor App.

Statement of fees

Each Tuesday we will send you a statement via OWNA before your weekly debit on Thursday. Please check these statements to ensure all details are correct and accurate. If there is any discrepancy, please contact the Nominated Supervisor as soon as possible.

Families are provided with access to OWNA to access account information. Each family will be provided with individual log in details, families are reminded not to share passwords or log in details. Families are encouraged to check statements and invoices for any changes to CCS entitlements.

Payment methods

Parents/guardians are required to complete a Direct Debit form upon enrolment. Fees will be deducted weekly. Please note that additional charges will apply for any failed transactions as a result of insufficient funds. As part of the new EFT rules that came into effect on July 1, 2023 associated with Child Care Subsidy, families must use payments through digital methods such as direct debit.

Bonds

Other Fees & Charges:

Enrolment fees: \$50 Non-Refundable

Bonds: \$200 Refundable with 4 weeks notice

Child Care Subsidy (CCS)

Childcare Subsidy offers assistance to families to help with the cost of child care aged 0-13 years. There are 3 factors that will determine a family's level of Child Care Subsidy, which include:

- Combined annual family income.
- Activity test – the activity level of both parents
- Service type – type of childcare service and whether the child attends school

Families who wish to receive Childcare Subsidy as reduced fees must apply through the [myGov](#) website. This includes completing the Childcare Subsidy activity test. Childcare Subsidy is paid directly to our Service to be passed on to families as a fee reduction. Families will contribute to their childcare fees and pay the difference between the fee charged by our Service and the subsidy amount received. This is called the '*gap fee*'.

On enrolment we will need the Customer Reference Number (CRN) of the person linked with the child, along with the child's CRN so we can confirm the attendance and ensure that you are receiving the appropriate subsidy.

Complying Written Agreement (CWA)

A Complying Written Agreement (CWA) is an agreement between our Service and a parent or guardian to provide childcare in exchange for fees. The CWA includes information about your child's enrolment including your child's full name and date of birth, the date the arrangement is effective from, session details and details of the fees to be charged. Before Child Care Subsidy can be paid, you must approve the enrolment information within the CWA via the [MyGov website](#).

Absences

We encourage families to notify the Service as soon as possible if your child will be absent for any day or session you have booked. It is recommended that absences are notified to the Service by email or through our app OWNA.

Childcare Subsidy will be paid for any absence from an approved child care service your child attends for up to 42 days per child per financial year. Full fees are payable for absences after the initial 42 days. Additional absences beyond 42 days may be approved for specific reasons with supporting documentation. Please talk to the Nominated Supervisor about additional absences.

You can access your child's absence record on your online statement by selecting '[View Child Care Details and Payments](#)' on your [Centrelink online account](#). You can also do this using the [Express plus Families mobile app](#)

Public holidays will be counted as an absence if your child would normally have attended the Service on that weekday, and fees have been charged for that day for your child.

If your child has not attended our Service for 14 continuous weeks, your child's enrolment will be cancelled, and Centrelink will stop paying your CCS subsidy.

Childcare Subsidy (CCS) is generally not payable for absences on the **first or last days** of enrolment.

If a child is due to start enrolment on a set date and does not attend, CCS will not be paid until the child physically attends. Also, if the child does not attend care on their last booked day, CCS may not be paid for any period after the child's last physical attendance at the service. There are some circumstances where CCS may be paid in these situations, please speak with the Nominated Supervisor for further information. This means that you will be charged full fees when this occurs.

Fees in arrears/ Financial Support

If fees are outstanding after two weeks, we may impose a late payment fee of \$50 per week delayed.

Should fees still be outstanding after three weeks, a debt recovery process will be implemented and additional \$100 late fee added to your account. Learning Blocks Child Care Centres reserves the right to suspend/withdraw your child's enrolment if your account is overdue after 4 Weeks.

If you are experiencing financial hardship, please speak to the Nominated Supervisor or Director. Additional Child Care Subsidy (ACCS) may be available to support your family. We may be able to organise a payment plan before your fees go into arrears.

Withdrawal from care/Reducing Enrolment Days

We require 4 weeks written notice to withdraw and/or reduce enrolment days for your child/ren from any permanent booking. Please see the Nominated Supervisor to obtain the required form to complete. Children are not able to attract CCS for any days after the last day your child physically attends our Service. *There are some circumstances where CCS can be paid after the last day your child physically attends with an approved reason.*

Service Closing Time and Late Collection Fees

Please be aware our Service and program closes at 6:00pm. In accordance with National Regulations and licensing, we are not permitted to have children in the service after 6:00pm. A late fee is incurred for children collected after 6.00pm.

The fee is \$15 per child for every 15 minutes or part thereof and will be added to your next account. The late fee is strictly adhered to, as two staff members are required to remain at the Service until all children are collected.

If we are unable to contact either the parent or a person nominated by the parent on the enrolment form to arrange collection of the child/children within an hour of the Service closing, we may need to contact the Police or other authorities to take responsibility of your child.

Permanent and Casual Bookings

Permanent bookings are an ongoing booking that:

- remains the same from one week to the next
- are chargeable regardless of attendance.

Casual bookings are one off booking that:

- can be booked at the last minute for emergency care. This is if we have vacancies. If there is no vacancy, we will put your child on a casual waiting list and will contact you if a vacancy becomes available.
- are designed to support families taking on casual work and shift work.
- can be cancelled at no cost, provided 24-hour notice via email is given

Waiting list

Casual waiting list: We will create a casual waiting list for casual bookings that have been requested for a session that we are at capacity. If positions become available, we will allocate them in order of application whilst adhering to recommendations of Priority of Access.

Permanent waiting list: If you would like to increase your child/ren's permanent sessions but there are no permanent vacancies, your child/ren will be placed on a waiting list until a position becomes available. Positions will be allocated in order of application, whilst adhering to our Priority of Access process.

Priority of Access

Our Service aims to assist families who are most in need and may prioritise filling vacancies with children who are:

- at risk of serious abuse or neglect
- a child of a sole parent who satisfies, or parents who both satisfy, the activity test through paid employment.

Service Policies and Procedures

You will find a copy of our Service policies and procedures on OWNA or our web site. We expect our staff and families to always adhere to our policies and procedures to ensure we maintain compliance and abide by the National Law and National Regulations.

Educators cannot make exceptions for individuals unless the Nominated Supervisor or Management do so on account of serious and/or unusual circumstances.

We are constantly reviewing our policies and procedures and ask for staff and family participation to ensure our policies and procedures adhere to the needs of our families and meet required regulations. Your involvement helps us to improve our Service and may lead us to change our policies and procedures.

Orientation-Preparing for your child's first day

Orientation is an important start for your child and family to connect to our Service. We encourage each child to attend our Service in the company of a family member before they start their first day with us. This gives you and your child the opportunity to gain an understanding of our program, the lay out of the room, where to put your child's belongings, provide educators with additional information about your child and how we can best support their transition and settling in period. The Nominated Supervisor will contact you to arrange suitable times and days for visits.

If your child is reluctant to attend, please discuss this with their assigned educator so that they can develop strategies with you to support the transition from home to the Service.

Arrival and Departure

Each day, you must sign your child in upon arrival and sign out upon departure. We are required by legislation to maintain our attendance record at all times. This record may be used in the event of an emergency situation at the Service.

Our staff have a duty of care to your child and will only allow your child to be released into the care of either a parent, guardian or an authorised nominee as listed on your child's enrolment record. If your child needs to be collected by another person for some reason, you must notify the nominated supervisor in writing via email. Our staff may ask to view photo identification of the adult collecting your child from care to confirm their identity.

The first day/week

The first day in a new service is a big step for you and your child. Please don't be alarmed if your child experiences some separation anxiety. This is normal and our experienced educators will assist you and your child through this transition period. There may be tears and extra tight hugs when

saying goodbye for the first few weeks but there are always cuddles, reassurance and genuine care from educators for both the children and their families. Sometimes this experience is upsetting more so for the family, not the child. We understand this and offer support through phone calls during the day, photos and open communication.

Saying goodbye

What works best is a set routine so try to establish the care routine from the orientation process. Being well organised and avoiding a rush usually results in a calm start to the day.

Most children will want to have a look around first to see who else has arrived and to look at what activities are available. Rest assured; we'll contact you if your child becomes distressed.

What you need to bring

BACKPACK

For independence, we work towards all children being able to recognise and open their own bag. You can help by allowing them to be involved in selecting their bag and taking ownership of it. Please ensure it is large enough to hold all their belongings and is clearly labelled.

SPARE CLOTHING

Every now and then, accidents occur, and it may be necessary for your child to get changed into a fresh set of clothes. Please include a complete change of clothes every day which can stay in your child's bag...just in case!

DRINK BOTTLE

A labelled drink bottle is required every day for water. Children are able to refill their drink bottle when necessary, throughout the day. We always provide water and cups, but a drink bottle is a great start to school readiness.

SUN HAT

A protective sun hat (either broad brimmed or legionnaire hat) must be worn every day when playing outside for protection against the sun. Please make sure to include it in your child's bag every day regardless of the weather conditions.

Meals

Our Service promotes healthy eating habits and provides delicious and nutritious food for your child each day. We provide a nutritionally balanced breakfast, morning tea, lunch, afternoon tea and late snack. We follow the Australian Dietary Guidelines to ensure our meals are prepared to meet the dietary requirements for all children. Our menu is carefully planned and prepared by Kids Gourmet Foods. We cater for the dietary requirements of all children enrolled at our Service. Please discuss your child's special requirements, allergies and any other medical conditions with the nominated supervisor.

Breastfeeding

We are a breastfeeding friendly service. Mothers who are breastfeeding are welcome to attend the Service during the day to feed their infant. We have a private, clean and quiet area for mothers to breastfeed their infants or express breastmilk.

Families that are breastfeeding should speak to the Nominated Supervisor or Responsible Person to be aware of our policies on storing and serving breast milk.

Families that are formula feeding should also consult our Nominated Supervisor or Responsible Person to be aware on how we need the formula prepared and stored. Regular communication is encouraged to ensure your infant's needs are met as they grow.

Clothing

It is helpful to your child if they are dressed in non- restrictive, serviceable and easy to wash clothes so that they feel free to join in all the activities and to develop independence. Shoes also, need to allow children freedom to run, climb, hop and jump as well as being easy for the child to take off and put on by themselves. Joggers and sandals are appropriate shoes to wear.

Thongs, slippers and gumboots are not suitable, and we prefer that these are NOT worn to the Service. Also, please consider clothing that enables the child to move around easily and allows children to be independent in dressing. Clothing such as long dresses, overalls, braces, belts and stiff buttons can prove a problem for children who need to go to the toilet. We require all t-shirts to have sleeves (no mid-drift tops) and hats that are broad brimmed are essential for effective sun safety.

Toys

The Service has an abundance of developmentally appropriate toys and equipment available and we ask that children do not bring in toys from home. This eliminates toys getting lost, broken, disappointment for other children and responsibility on educators to track numerous toys throughout the day.

Behaviour Guidance

We encourage children to engage in cooperative and pro-social behaviour. We give children the opportunity to self-regulate their behaviours during play to develop their confidence and self-esteem. Educators follow a Behaviour Guidance Policy that extends across the whole Service giving consistency of expectation in all rooms. We use a positive approach to guiding children's behaviour to help them develop a respect for others, for property and respect for self. If you require further information on this policy, please ask educators and refer to our Policy manual.

Wellbeing

Wellbeing is more than just feeling happy, it is about our overall health- physical, social, emotional and mental. We provide opportunities for your child to develop a strong sense of wellbeing through dance, movement, yoga, mindfulness, music and relaxation.

Physical Play

Physical play includes activities that use physical movements to allow children to use their energy, enhance their concentration, motivation, learning and wellbeing. We feel physical play is a vital part of everyday life. We believe in providing children with a range of physical activities and experience on a daily occurrence for them to challenge their large and small muscles, allowing them to gain increasing control over their bodies as they learn the importance of physical play.

- Physical play provides children with the opportunity to:
- develop strong bones and muscles
- improve strength and balance
- develop Flexibility and coordination
- develop Fundamental Movement Skills
- develop spatial awareness
- develop mathematical concepts
- be confident as they learn to control their bodies and understand their limits
- learn to cooperate and share with others
- promote healthy growth and development

Rest and Sleep

Rest and sleep routines vary according to individual needs. We aim to make rest time a relaxed, pleasant time for all children. We provide cots and beds for children and play soft music in the background. Your child may wish to bring a security item to have at rest time. Please feel free to discuss your child's rest or sleep needs with educators. Each day we provide information about the

times your child rested or slept. Quiet activities, such as puzzles and books are available for those children who do not sleep.

Sustainability

Our Service is passionate about sustainability. We believe in supporting children to appreciate and care for the environment by embedding sustainable practice into the daily operation of our Service, infrastructure and teaching. Further, we support children to appreciate that sustainability embraces social and economic sustainability as we engage in concepts of social justice, fairness, sharing, democracy and citizenship.

In order to empower our sustainability program, we emphasise children's ability to make a difference, enabling them to learn and appreciate their environment in an engaging, fun and exciting manner. We do this by engaging children in discussion about sustainable practice, developing an appreciation of the natural world, encouraging them to participate in a recycling program and reducing energy and conserving water. We aim to provide children with the skills and knowledge required to take an active role in caring for the environment and to think about ways they can contribute to a sustainable future.

Birthdays

It is very exciting for a child to be having a birthday. Families are required to discuss cake options with educators prior to the celebration as we monitor food and treats to ensure the safety of all children and staff.

Sun Safety

We work in compliance with the *National SunSmart Early Childhood Program* to ensure children's health and safety is always maintained. We use a combination of sun protection measures whenever the UV Index Levels reach 3 or above. We monitor the UV index levels daily and schedule outdoor activities when levels are safe. Our outdoor environment provides shade for play experiences, and we conduct regular risk assessments to ensure the play space and equipment is safe for children.

Children and educators must wear hats and appropriate clothing, including footwear when outside. Educators will encourage children, including by way of modelling behaviour, to avoid excessive exposure to the sun and to wear suitable sunscreen (at least SPF30 or higher broad-spectrum water resistant), which is reapplied according to the manufacturer's recommendations. We ask that children come to the Service with sunscreen already applied so they are able to participate in outdoor play immediately and not have to wait the 20 minutes after application. Consent to apply sunscreen is included in our enrolment form.

Parent Participation and Feedback

Our Service has an Open-Door Policy and actively seeks and encourages families to be involved in the Service. This can range from evaluating and adding input to your child's program and observations, volunteering within the Service and sharing skills and experiences that the children and the program will benefit from and providing feedback.

Family involvement

We welcome and encourage the involvement of all parents/families at our Service. Your ideas, experiences and skills are greatly valued and will enable us to extend each child's interests, abilities and knowledge. There are many ways for your family to be involved. We understand that our busy lives can't always afford the time, however any contribution no matter how big or small is much appreciated.

Health and Hygiene

Our Service has effective and systematic risk management systems in place to identify any possible risk of hazards to our learning environment and practices.

All staff diligently practice and model personal hygiene measures such as hand washing, cough and sneeze etiquette and disposal of tissues. We encourage that all children and visitors to our service wash their hands or use the alcohol-based hand sanitiser upon arrival.

Our educators teach and model correct hand washing techniques to children and regularly clean and disinfect high touch objects throughout the service to reduce the spread of infection.

When should I not send my child to the Service?

Please monitor your child's health and do not bring your child to the Service if they are suffering from any illness or infectious disease.

To minimise the spread of infections and diseases, and maintain a healthy environment for all children, educators and staff, we implement recommendations developed by the National Health and Medical Research Council (NHMRC)- *Staying Healthy in Childcare*. Our policies and procedures for *Sick Children* and the *Control of Infectious Diseases* are available for all families to view.

Our Service is a busy and demanding day for the bodies and minds of our children. We are not equipped to care for sick children; however, we will do everything we can to comfort a child who has become sick whilst in our care.

If your child becomes ill whilst at the Service, we will contact you or an authorised nominee to collect your child within a 30-minute time frame where possible. If your child is unable to be collected, educators will contact the child's emergency contact for collection. When your child is collected, you will be provided with an *Injury, Incident, Trauma and Illness Record* completed by the educator which includes information about your child's illness, their symptoms, general behaviour and any action taken. You will be requested to sign and acknowledge the details in this record.

Your child should not attend the Service if they have had paracetamol within 24 hours for a temperature. Children who are on antibiotics are to be kept away from the Service for the first 24 hours to allow the child to rest and the risk of spreading the infection to decrease. If your child has been vomiting or had diarrhoea, they will be excluded for 48 hours. A medical clearance certificate will be required before your child returns.

Infectious Diseases

The National Health and Medical Research Council have supplied the following information regarding minimum exclusion period for children from an early childhood education and care service. Please inform staff if your child has any of the following so that we can notify the Public Health Unit and other families of any infectious disease/illness. (Confidentiality is always maintained).

Recommended exclusion periods- Poster Staying Healthy: Preventing Infectious diseases in early childhood education and care services

CONDITION	EXCLUSION
Hand, foot and mouth disease	Until all blisters have dried
HIB	Exclude until medical certificate of recovery is received
Hepatitis A	Exclude until a medical certificate of recovery is received, but not before 7 days after the onset of jaundice or illness
Herpes- Cold sores	Young children unable to comply with good hygiene practices should be excluded while the lesion is weeping. Lesions to be covered by dressing, where possible
Influenzas and flu-like illnesses	Exclude until well
Measles	Exclude for at least 4 days after onset of rash
Meningitis (Bacterial)	Exclude until well
Meningococcal Infection	Exclude until adequate carrier eradication therapy has been completed
Mumps	Exclude for 9 days or until swelling goes down (whichever is sooner)
Pertussis (Whooping Cough)	Exclude the child for 5 days after starting antibiotic treatment
Rubella (German measles)	Exclude until fully recovered or for at least 4 days after the onset of rash

Salmonella	Exclude until diarrhoea ceases
Streptococcal Infection (Including scarlet fever)	Exclude until the child has received antibiotic treatment for at least 24 hours and the child feels well
Tuberculosis	Exclude until a medical certificate from an appropriate health authority is received
Worms (intestinal)	Exclude if diarrhoea present
COVID	Exclude while covid symptoms exist and unwell or as instructed by your doctor.

If your child is unimmunised according to our records, then they will be excluded until the threat has passed and upon advice of the Public Health Unit

Immunisation

The Public Health Act 2010 requires all families to provide an Immunisation History Statement from the Australian Immunisation Register (AIR) for their child prior to enrolment in an early childhood education and care service. The immunisation history statement must show that each enrolled child is up to date with immunisations for their age. The relevant vaccinations are those under the National Immunisation Program (NIP), which covers the vaccines usually administered before age five. These vaccinations must be recorded on the Australian Immunisation Register (AIR).

In the case of an outbreak of any vaccine preventable disease, management will contact families as soon as possible. We ask that families immediately inform our Service if someone in their family is diagnosed with an infectious disease to help minimise the risk to other children, families and educators.

We are legally required to notify the Public Health Unit of any cases of vaccine preventable diseases occurring at our Service. For an up-to-date immunisation schedule, please refer to your enrolment pack.

Medication

If your child requires medication whilst at our Service, you must complete an *Administration of Medication Record* on OWNA to give your consent for an educator to administer prescribed medication to your child. Medication must be given directly to an educator for appropriate safe storage.

Educators can only administer medication that is:

- prescribed by a registered medical practitioner (with instructions attached to the medication or in written form from the medical practitioner)

- in its original packaging and have the original label clearly showing your child's name
- before the expiry/use by date.

Any child's prescribed medication such as asthma inhalers, adrenaline auto injectors (EpiPen) or Insulin (for diabetes), must remain at the centre at all times during enrolment.

Incidents, injury or trauma

We aim to minimise the risk of accidents and injury as much as possible however, through play, exploration and adventure, children sometimes have accidents. We always have an educator with a First Aid, emergency asthma, anaphylaxis management and CPR qualification on shift at all times we provide education and care to children. First Aid kits are located throughout the Service.

In the event of a minor injury, first aid will be provided as required. An *Incident, Injury, Trauma and Illness Record* will be completed on OWNA, you will be notified about the injury and asked to acknowledge and sign the record. If your child injures their head, even if it is a small bump, you will be contacted to advise you of the injury. Our educators will continue to monitor your child closely and advise if you should come and collect them.

If an injury or incident is serious and we believe urgent medical attention is required, the Nominated Supervisor will contact an ambulance immediately. We will attempt to contact a parent or guardian or an authorised nominee to advise of the situation. If you are unable to meet the ambulance at the Service, we will send one of our educators/staff members to accompany your child in the ambulance.

Please note that Ambulance cover is the responsibility of each family.

An *Incident, Injury, Trauma and Illness Record* will be completed, and a parent will be required to acknowledge and sign this record. A copy of any documentation from the hospital or treating doctor will also be requested. Our Service will also be required to notify the Regulatory Authority in the event of any serious incident or injury. In these circumstances, you may be contacted by our Approved Provider and the Regulatory Authority to follow up the incident and actions taken by our Service.

Safety in our Service

Emergency and evacuation procedures

Our Service conducts risk assessments regularly and develops emergency management plans for a range of possible hazards. Throughout the year we follow our policies and procedures to carry out emergency and evacuation drills. These may occur at any given time throughout the day and week to ensure all children know what to do in case of an emergency. Emergency and evacuation drills are carried out in a well-organised and orderly manner and will simulate a range of possible emergency situations such as fire (bush fire), lock down or flood. Under regulations, we are required to practice emergency and evacuation drills every three months.

An emergency evacuation plan and lock down procedure are displayed in every room and exit locations are clearly indicated.

Drop off and pick up time

Early childhood education and care services are busy places especially during the morning drop off and afternoon pickup. We ask that parents be extremely mindful of danger when arriving and departing from our Service.

- Please always hold your child's hand in the carpark area
- Be alert of reversing drivers in the car park as it is very difficult to see small children
- Use the kerbside, rear passenger door when getting your child into and out of their restraint
- Never leave a child or infant in the car unattended
- Never leave the front entry door/gate open
- Always do a visual check around your vehicle before driving
- Please ensure children do not enter areas in the Service that are for adults/staff only.

Workplace Health and Safety

We are committed in providing an environment that is safe and healthy for every employee, volunteer, child, family and visitor. We have made every reasonable effort to minimise the risk of serious injury and request all persons to our Service to adhere to our policies regarding Workplace Health and Safety.

Each morning, our educators conduct daily safety checks of the indoor and outdoor environment and will alert management of any potential risk or hazard to children to ensure this is rectified before children use the equipment or area. We welcome all feedback regarding the safety of our Service. If you see something that concerns you regarding safe work practices, the safety of building and equipment or general work health and safety issues, please contact the Nominated Supervisor immediately.

Social Media

We use social media to communicate, share information and celebrate what is happening in our Service with enrolled families and our service community.

We promote safety and wellbeing of all children and are committed to ensure safe online environments when engaging in digital technology including social media. Our social media accounts are managed by the Approved Provider and we set the highest level of privacy and security settings on the accounts. Content is regularly scanned, and any offensive language or comments removed immediately, and these users blocked.

Photographs of your child will only be added if written authorisation has been provided on the enrolment form.

We maintain appropriate privacy of families, children and educators by not publishing any personal information online.

Privacy and Confidentiality

We are committed to protecting the privacy and confidentiality of children, individuals and families and have policies in place to ensure strict confidentiality is maintained.

To plan programs for your child/ren, we need to collect information from you. This information helps us to assess and plan programs in partnership with you. We do not disclose personal information about you or your child to other people or organisations without your consent, unless we are required to do so by law.

We do not ask for personal information about you or your child from other professionals or organisations without your consent. You can look at the information in your child's file at any time or request a copy of information in the file.

Our *Privacy and Confidentiality Policy* is available to view at any time. This policy sets out how we ensure our Service acts in accordance with the requirements of the Australian Privacy Principles and the Privacy Act 1988. We ensure all personal information is protected, records and documents are maintained and stored in accordance with Education and Care Services National Regulations and that all staff understand the requirements of the Notifiable Data Breaches (NDB) scheme. Any Privacy complaints will be managed promptly and in a consistent manner as outlined in our *Dealing with Complaints Policy*.

Our Service is required to keep and maintain detailed records about children, parents and staff in accordance with relative legislation contained in the National Law and Regulations and Family Assistance Law. We ensure all records are stored in a secure and locked location. We must keep records for the prescribed periods of times as legislated related to child enrolment, attendance, medication records, incident, injury, trauma and illness records, child assessments and any relevant legal information/documents. Full details about record keeping is available in our *Record Keeping and Retention Policy*.
